TO WHOMSOEVER IT MAY CONCERN

We Akagera Business Group Ltd has appointed Aztec Shipping LLC in the year of 2015. when our organization was facing challenges with our existing freight forwarders. Immediately our team has been relieved off from all the logistics related issues and we are able to focus on our line of business.

Their team is just call away and very co-operative, We appreciate the reporting system which they are sharing very informative and it is easily able to track and keep tap on our shipments.

We have been proactively informed on possible delays of vessels and industry updates which enable us to plan our logistics well in advance to keep flow of our materials.

We highly recommend the services of Aztec shipping LLC, since their approach is thoroughly professional and maintain high standards of service levels.

We wish them all the best.
